

## ***Customer Reviews:***

“Caridad "C.C." is an easy to work with, top notch designer who gets it done with a smile. She's my go-to for all of my home staging needs. As a Realtor, its great to have such a knowledgeable professional that I can call on whenever I'm in need knowing that the outcome will be magnificent and my listings will not be on the market for extended periods of time. Call C.C if you want quality work done at a good price!

The ministry has presented many concerns for me in these more than 20+ years in the pastorate. It's ever evolving due to the many personalities (along with their talents) presented yearly. These talents however, rarely aid in the immediate need of what might be transpiring at a given locality. C.C.'s presentation, of what could re-vamp ministry participation through aesthetic vibrancy, is now realized. What was sterile in appearance is now soothing and inviting. What we thought was impossible (the hiring of a professional decorator) was entirely affordable and the timeliness, simply astounding. My reference says "brand new," when in actuality is just a much needed face-lift. It taught me very personally to allow professionalism to guide me as I endeavor persevering in excellence. Thank you C.C.!

“We are very pleased with the results of our home renovation and regularly receive compliments from visitors on how great it looks.

Great pricing, great ideas for the makeover, and timely execution through daily management of suppliers and construction services are the most notable outcomes.” March 16, 2011

“We had a very good experience with the Room Planers, the work was excellent and the timing and the quality of the work she provided for us was exceptional. We were building a new home and were very lost in the process of putting together our dream kitchen. Mrs C.C stepped in and made the process so easy we are in love with our kitchen.” July 6, 2009
